About RGNIYD

The Rajiv Gandhi National Institute of Youth Development (RGNIYD), Sriperumbudur-602105, Tamil Nadu, is an Institute of National Importance by an Act of Parliament No. 35/2012 under the Ministry of Youth Affairs and Sports, Government of India. The RGNIYD was set up in 1993 under the Societies Registration Act, XXVII of 1975.

The RGNIYD serves as a think-tank of the Union Ministry of Youth Affairs and Sports and functions as a vital resource centre with its multi-faceted functions of offering academic programmes at Post Graduate level encompassing various dimensions of youth development, engaging in seminal research in the vital areas of youth development, recent trend in technologies and coordinating Training

Programmes for state agencies and the officials of youth organisation, besides the Extension and Outreach initiatives across the country.

The Institute is a nodal agency for training youth as a facilitator of youth development activities in rural, urban as also tribal areas.

From the Desk of Director

Higher education opens vista of far-reaching potency to large number of youth and knowledge aspirants in the country. In strong adherence to our vision statement, we, at Rajiv Gandhi National Institute of Youth Development (RGNIYD), aims to reach out to whole of our nation by emanating knowledge through academic programs of quality and relevance that are skill-based, professional and job-driven. We are an Institution of National Importance by the Act of Parliament No.35/2012 under the Ministry of Youth Affairs and Sports, (GoI) and aspires to be the center of excellence for youth development of India. Towards this goal, we have equipped ourselves by all means with cutting-edge Post-Graduate programs for the academic year 2021-22 and I wholeheartedly welcome all the aspiring youth in the country to join us at RGNIYD.

With over 27 years of distinction and a rich array of time-honoured traditions, the Institute is embracing the future with a bold new direction of introducing new and innovative job-oriented academic programs that will help various sectors that bridge the massive skill gap. We are expanding the frontiers of knowledge and scholarship of youth development by blending with the mainstream disciplines, thereby aligning the contemporary and futuristic skill requirement of the world of work. We are aspiring to provide a totally transformational environment for highly motivated students to hone their skills and transcend their personal barriers to evolve as tomorrow's leaders. In accordance with this, we have ICT enabled-Wi Fi campus that provides an environment for e-learning and e-connect, along with smart class rooms, document management systems as well as virtual class rooms. The structure of curricular, co-curricular and extra-curricular activities will shape the students physical, mental, ethical and intellectual growth.

In accordance with the New Education Policy 2020, we are enthusiastic to create an academic ambience that is interdisciplinary, interest-based and to realize it, RGNIYD has inked MoUs with educational institutions of high acclaim viz., NIT – Jalandhar, WWIL and ATDC

for offering various academic programmes through institutional linkages. The pertinent Postgraduate courses and training programs we offer are market-driven and are expertly curated to suit the educational needs of today's India. We believe in widening our circumference and providing equal opportunity for all, to learn and grow in directions they dreamt of. In coherence with the nation's growth, we work towards creating an educated and progressive society of eminence, principles and codes.

The teaching-learning experience at RGNIYD is reciprocative in nature, wherein, teachers as facilitators and students as curious learners share equal responsibility in knowledge acquisition. Parallelly, we are a growing research community committed to knowledge dissemination while also being a platform for deliberation and information exchange. Our campus is intellectually stimulating and aesthetically appealing and marks our distinctive presence in higher education facilitation. As an Institution of National Importance, we are a one-time stop for learning, research and growth for every learning enthusiast.

I therefore encourage you to go through our prospectus, where you will have an opportunity to experience our excitement about the professional academic programs we offer. I wish and assure you that we will help you to pursue your objectives of life under the varied social, cultural and economic environment and make the RGNIYD proud of your attainments.

PROF. SIBNATH DEB, PhD, DSc
Director
Rajiv Gandhi National Institute of Youth Development
(An Institution of National Importance by Act of Parliament No.35/2012)
Ministry of Youth Affairs and Sports, Government of India
Sriperumbudur, Tamil Nadu – 602 105, India

Vision

To be a globally recognized and acclaimed Centre of Academic Excellence in Youth Development.

Mission

To prepare India's youth for the new millennium, RGNIYD is dedicated to:

- Formulating youth-related policies keeping in view the global context.
- Developing professional capabilities among the youth through specialized academic programs.
- Initiating action research and dissemination of knowledge.
- Establishing networks with national and international organizations.
- Functioning as youth resource centres that cater to the contemporary needs of the youth of the country.

Distinctiveness of the RGNIYD's P.G. Programmes

- Innovative, value added courses, competency based curriculum, blended e-learning
- Flexible Curriculum with Choice Based Credit Systems
- Merit based admission
- 100% Wi-Fi enabled campus
- 100% power backup
- State of art infrastructure and excellent learning environment
- Insightful real-world field based exposure
- Blend of perspective building, analytical understanding and experiential learning

- Workshops in thematic areas
- Hands-on experience in youth development in the apex National Level Youth Development Institute
- Pioneering programmes promoting professionalism in youth work
- Active Internship and Placement Cell
- Thrust on Professional Skills
- Well-equipped Library
- Overseas participation for select students in youth exchange programmes
- Admissions open for International Students from SAARC, Commonwealth & other countries.
- Earn while you learn
- Sophisticated boys and girls hostel
- Well connected by Road, Train and Air

Academic Programmes offered by RGNIYD

The RGNIYD offers the following 2-Year Master's Degree Programmes 2021-22:

M.Sc. Computer Science (Data Science)
M.Sc. Computer Science (Artificial Intelligence
             & Machine Learning)
M.Sc. Computer Science (Cyber Security)
M.Sc. Mathematics
M.Sc. Applied Psychology
M.A. English
M.A. Sociology
M.A. Public Administration
M.A. Development Studies
M.S.W. Youth and Community Development

The course curricula at RGNIYD are customized to provide knowledge and information from interdisciplinary viewpoints that merge the various aspects of contemporary social theory and thought. Along with training in the process of academic scholarship, the Institute also provides the students with opportunities to innovate, and to convert academic knowledge into hands-on experience in both rural and

urban environments. All the post graduate courses on youth studies at RGNIYD have one clear distinct focus: to transform its students into career professionals both for the public and the private sector.

These post-graduation programmes offered by RGNIYD are unique in terms of content and structure adopting an interdisciplinary approach to equip the students with competencies and theoretical knowledge about youth work and contemporary issues. A judicious blend of scholarly pursuit and field practicum, each PG Programme moulds the learners into professionals in youth development.

Details of PG Programmes offered by RGNIYD

M.Sc. Computer Science (Data Science)

Given the tremendous growth of digital data and the desire of enterprises to derive more and more value from it, data analytics talent is increasingly sought after by industry. The World Economic Forum "Jobs of Tomorrow" report of 2020 suggests an **annual growth rate of 41 percent for data science and AI professions**, with job titles such as artificial intelligence specialist, data scientist, data engineer, big data developer, and many others. The master's degree concentrations and graduate certificate in Data Analytics at RGNIYD is one of the leading research and teaching institutions and it can help you develop sought after expertise in data analytics.

Reasons to Choose RGNIYD's Data Science Programs

- State of the art infrastructure
- Qualified faculty members with industrial experience
- Dedicated six months industrial projects tie-up with leading MNCs
- Well-structured curriculum bridging institution-industry relationship
- Continued high job growth in the area of data analytics makes it a great time to **advance in your career** with a master's degree from RGNIYD— one of the leading research and teaching institutions
- Six unique Specializations to choose from Data Science Generalist, Deep Learning, Natural Learning Processing, Business Intelligence/ Data Analytics, Business Analytics and Data Engineering

M.Sc. Computer Science (Artificial Intelligence & Machine Learning)

This specialist course focuses on artificial intelligence and knowledge engineering, as well as the development of computational and engineering models of complex cognitive and social behaviours. This taught postgraduate course is aimed at students who may not have studied computing exclusively, but who have studied a considerable amount of computing already.

If you want to become a specialist in a particular area of computing, this course will provide a first crucial step towards that goal. This specialism focuses on artificial intelligence and knowledge engineering, and the development of computational and engineering models of complex cognitive and social behaviours. Study areas include machine learning algorithms, non-traditional optimization techniques, cognitive robotics, complexity, complex systems, computational finance, computer networks and Security, Cloud Computing, and distributed systems.

Reasons to Choose RGNIYD's Artificial Intelligence and Machine Learning Programs

- State-of-the-art facilities include dedicated laboratories for Computer Science students and research laboratories for Security, Medical Imaging, Intelligent Robotics and Computer Vision

- RGNIYD is one of the Institution of National Importance in the country for postgraduate study in computer science, and we are proud to deliver outstanding programmes that offer a range of exciting career opportunities for students from around the world.
- Dedicated six months industrial projects tie-up with leading MNCs
- Well-structured curriculum bridging institution-industry relationship

- Continued high job growth in the area of Artificial Intelligence and Machine Learning makes it a great time to **advance in your career** with a master's degree from RGNIYD—one of the leading research and teaching institutions

M.Sc. Computer Science (Cyber Security)

The RGNIYD Master's Program will equip you with the skills needed to become an expert in this rapidly growing domain. You will learn comprehensive approaches to protecting your infrastructure, including securing data and information, running risk analysis and mitigation, architecting cloud-based security, achieving compliance and much more with this best-in-class program.

This Master's Degree Program provides cybersecurity professionals with foundational, intermediate, and advanced security skills through industry-leading courses like CompTIA Security+, CEH, CISM, CISSP and CCSP. The program begins with introductory-level cybersecurity skills training, then progresses to advanced cyber-security technologies such as reverse engineering, penetration testing techniques, and many more. This training program will enable you to experience:

- Mathematical background to develop cryptographic algorithms and its complexity analysis

- Implement technical strategies, tools, and techniques to secure data and information for your organization
- Adhere to ethical security behaviour for risk analysis and mitigation
- Understand security in cloud computing architecture in depth
- Comprehend legal requirements, privacy issues and audit process methodologies within the cloud environment
- Focus on IT compliance and the integrity of enterprise systems to establish a more secure enterprise IT framework

M.Sc. Mathematics

Upgrade your expertise in mathematical sciences with a Master of Science in Mathematical Sciences from RGNIYD. In this program you can study a variety of courses tailored to your own interests and needs, ranging from pure mathematics to mathematical modelling, computational mathematics and applications of mathematics to many research areas (machine learning, cyber security, medical image processing, optimisation techniques and complexity analysis), to related disciplines such as statistics, computer science, and econometrics.

RGNIYD is one of the Institution of National Importance in the country for postgraduate study in mathematics, and we are proud to

deliver outstanding programmes that offer a range of exciting career opportunities for students from around the world. Students will explore how to conduct research into modern mathematics, and applied contexts, such as health, information technology and other engineering problems.

M.A. English

The two-year master's program, housed in the Department of English at RGNIYD, offers an English literature with specializations in Literary Fiction, Poetry or Creative Nonfiction, Think harder and smarter, build personal and professional success by refining crucial skills and dispositions such as critical thinking, creativity, and empathy.

Also, students study everything from the history of Shakespeare in society, literary criticism, and theatre practices; before putting their knowledge into practice through a newly devised piece of theatre in response to Shakespeare's work. This creative and

ambitious programme is ideal for aspiring academics, actors, writers, directors, arts administrators, as well as anyone with a lively interest in Shakespeare. Students have the opportunity to study the life and work of Shakespeare and combine it with the thrill of producing new creative work. It brings together academic, theatrical, and civic

interests in Shakespeare to encourage and challenge students to think about new approaches to Shakespeare in the modern world.

M.Sc. Applied Psychology

Applied Psychology is a specialized area in the discipline of Psychology that provides professional help to individuals to enhance their personal and interpersonal functioning across the lifespan with a focus on emotional, social, vocational, educational, health, developmental and organizational issues. A trained psychologist facilitates individuals and groups to improve and adjust to demanding situations in a highly effective way.

The Programme in Applied Psychology being offered by RGNIYD has strong roots in theory and contemporary practice commensurate with the profession. The programme will enable the students to diagnose the problems of the clients scientifically and employ the therapeutic

techniques and counselling skills during the counselling process besides with ethical considerations. This cutting edge programme allows the students to choose their areas of specialization with inbuilt theory-practice nexus. The students are provided with opportunities for field practicum, internships, case works, institutional visits and supervised skill training in each domain of

specialization in counselling viz., School, adolescent, career, family and workplace.

The students could secure gainful employment openings in educational institutions, corporates/industries, hospitals, adolescent and adult rehabilitation centers, NGOs, family and child care centres, legal sectors besides embarking on private practice, and as consultants to various organizations besides careers in teaching and research.

M.A. Development Studies

Development, as broadly understood, refers to a range of perspectives, predominantly premised on dominant discourse of western modernity and plurality of approaches. Moreover, the state-led-development model has not yielded desired results and India continues to face the development challenges At this juncture, it becomes imperative to articulate development thinking and development action with a fresh outlook taking into consideration of ground realities in the Indian context. In view of the present scenario and in recognition of the need for the quality professionals in the development sector, RGNIYD offers this programme. The course is designed to break the new ground, drawing extensively from the wide range of theoretical perspective, issues and practices with alternative possibility. The overarching framework of the programme encompasses the canvass of key approaches, methodologies and methods. The pedagogic methods in the classroom learning are entwined with the field

immersion that provides immense opportunity for field tested learning. On the completion of the course, the students will be imbibed with substantive knowledge in development perspectives, issues and methodologies. This programme, with its value added thematic workshops and specialized training will enhance the employability of the students as professionals in the development sector in diverse settings.

M.A. Sociology

Sociology is a study field which deals with human social behaviour. It can be also defined as the study of the origins, organization, institutions, and development of human society. Sociology is a part of social science and aims to acquire knowledge about human social factors by performing empirical and critical analysis through qualitative and quantitative techniques, interpretative, hermeneutic and philosophic approaches. The study field looks into the factors such as deviance, social stratification, social class, culture, social mobility, law and religion and develops scientific knowledge. Sociologists try to understand the issues that influence society. Sociology students discover answers to critical questions for our society like: how is culture created? Is social equality possible?

Students enrolled in Master's degree in Sociology will develop their communication, analytical and research skills as well as their understanding of various human aspects and behaviours.

Post Graduate of Sociology degree usually follow one of these paths: criminal justice, human services, education, research, policy or business. Find work in diverse and versatile fields as a public relations representative, rehabilitation counsellor, journalist, advocacy expert, state agent, and many more.

M.A. Public Administration

Master's degree offered by RGNIYD, gain the skills to analyse governance, policy-making and administration across different areas of government. It explores public policy design and learns how organisations deal with major policy problems and the societal effects of policy choices.

Curriculum focuses on

- the local, national and global perspectives
- modern policy-making and administration
- public policy design and delivery

- public and non-profit organisations and their approach to major policy challenges
- the effects of policy choices on society

Understanding the role of public administration in implementing

- Government policy can benefit both individuals and society, on a local to global scale
- core public administration theoretical and practice-related perspectives
- main issues and events shaping public administration in national and regional settings
- central philosophical and methodological debates related to the study and practice of public administration
- ways in which governance systems differ
- skills to design and complete a dissertation on a specialist topic in the field of public administration

M.S.W. (Youth and Community Development)

Social work is an interdisciplinary subject which also needs to be expanded in the terrain of youth and community development. India is the youngest country with 64 per cent of its population in the working age group. The median individual in India will be 28 years in 2020 and the youth are going to be turned into a demographic dividend, it is essential to pay due attention to this dynamic workforce.

Access to opportunities and providing training will empower the youth to contribute towards nation building. The National Youth Policy, 2014 (NYP-2014) also emphasizes on youth development and productive youth participation. According to a UN High Level Panel report on the Post 2015 development agenda and the Sustainable Development Goals, Youth should be placed at the centre of any new development framework by focussing on youth development.

The Social Work programme with Youth Work and Community Development as a specialization would create a platform for delivering youth services in a professional manner by stimulating synthesis of theory and practice. The course aims to professionalize youth work and train youth workers as critical reflective practitioners. This course will enable the learners to design,

implement and monitor youth empowerment strategies in different sectors across the country with concentric thrust on community participation and development.

Programme Design

- Path setting programme design
- Choice based credit system with flexible learning environment

- Perspective building with strong theoretical foundation
- Application oriented papers for practice learning
- Thematic workshops for professional skill development
- Field work for experiential learning

Learning within class room through Lectures

- Brain sketching and Group Discussions
- Mind Mapping and Simulation Method
- Case Study and Situational Analyses

Learning through Exposure

Unique learning opportunities through the institutional activities

- TOT Programmes
- International Youth Exchange Programmes
- Ship for World Youth Programme
- Participation in Common Wealth Training programmes in Youth Development
- Observance of national and International days
- Thematic consultation workshops

Beyond Classroom

- Two weeks orientation programme on knowledge searching techniques, book review, Group discussion, Assignment writing & Seminar presentation
- Customised Language proficiency classes.
- Celebrating multiculturalism
- Mentorship facilitating advice and guidance in academic and personal matters for students
- On campus counselling for the needy
- Co-curricular pursuits through hobby clubs which provide opportunity for discovery of talents and expression of creativity
- Interaction with eminent personalities, statesmen, parliamentarians, National Leaders etc.
- Enabling environment for all round development

Overseas Opportunities

Selected Students will get overseas opportunities in the Youth Exchange programmes. So far students of RGNIYD have participated in the Youth Exchange programmes in Japan, China, Malaysia, South Korea, Pakistan, Maldives, Papua New Guinea etc.

Facilities at RGNIYD

- Air-conditioned smart classrooms
- 'Ilanthalir' community radio station 107.20 MHz
- Open-air Green Class rooms
- Computer lab with Wi-fi enabled campus
- E-learning system
- Seminar hall with video conferencing
- Well-equipped conference rooms
- Centrally air-conditioned state-of-the-art 500-seat auditorium
- Hostel facilities for boys and girls
- Facilities for indoor, outdoor games and yoga
- Health clinic
- Gymnasium

RGNIYD Central Library

The RGNIYD state-of-the-art air-conditioned central library houses over 32000 titles, subscribes 70 print journals, access to 15 IP based online journals, back-volumes of periodicals, dissertations and audio-visual material. The Central Library is well equipped with fully automated services and resources with a seating capacity of 300 users at a time. It has established linkages with the National Knowledge Network of Government of India. It is well equipped with modern RFID facilities and services for Circulation of documents. "Self Service Kiosk" has been implemented to adapt with the technological advancement, which enables users to Check-Out (Issue) and renew books by them.

Eligibility for Admission

Degree	Branch	Eligibility Criterion
M.Sc.,	Computer Science (Data Science)	Bachelor's degree in Computer Applications / Computer Sciences / Mathematics / or any Bachelor's degree in Science stream with Mathematics as one of the subjects for at least four semesters. Candidates should have secured a minimum of 50% marks or 5.5 CGPA (on a 10-point scale) in the qualifying degree examination for General Category, 45% marks or 5.5 CGPA (on a 10 point scale) for OBC (Non-creamy layer) and Pass marks or 5.0 CGPA (on a 10-point scale) for SC/ST/PWD/EWS candidates.
M.Sc.,	Computer Science (Artificial Intelligence and Machine Learning)	
M.Sc.,	Computer Science (Cyber Security)	
M.Sc.,	Mathematics	A Bachelor's degree in Mathematics. Candidates should have secured a minimum of 50% marks or 5.5 CGPA (on a 10-point scale) in the qualifying degree examination for General Category, 45% marks or 5.5 CGPA (on a 10 point scale) for OBC (Non-creamy layer) and Pass marks or 5.0 CGPA (on a 10-point scale) for SC/ST/PWD/EWS candidates.

M.A.	English	Bachelor's degree with at least 50% marks or 5.5 CGPA (on a 10-point scale) in the qualifying degree examination for General Category, 45% marks or 5.5 CGPA (on a 10 point scale) for OBC (Non-creamy layer) and Pass marks or 5.0 CGPA (on a 10-point scale) for SC/ST/PWD/EWS candidates with English as major or one of the major subjects.
M.Sc.,	Applied Psychology	B.A./ B.Sc. three years course in Psychology / any Bachelor's degree with Psychology as one of the subjects for at least four semesters from a recognized University with a minimum of 50% marks or 5.5 CGPA (on a 10-point scale) in the qualifying degree examination for General Category, 45% marks or 5.5 CGPA (on a 10 point scale) for OBC (Non-creamy layer) and Pass marks or 5.0 CGPA (on a 10-point scale) for SC/ST/PWD/EWS candidates at Graduate level.
M.A.,	Sociology	Any Bachelor's degree from a recognized university with at least 50% marks or 5.5 CGPA (on a 10-point scale) in the qualifying degree examination for General Category, 45% marks or 5.5 CGPA (on a 10 point scale) for OBC (Non-creamy layer) and Pass marks or 5.0 CGPA (on a 10-point scale) for SC/ST/PWD/EWS candidates at Graduate level.

M.A.,	Public Administration	Any Bachelor's degree from a recognized university with at least 50% marks or 5.5 CGPA (on a 10-point scale) in the qualifying degree examination for General Category, 45% marks or 5.5 CGPA (on a 10 point scale) for OBC (Non-creamy layer) and Pass marks or 5.0 CGPA (on a 10-point scale) for SC/ST/PWD/EWS candidates at Graduate level.
M.S.W.,	Social Work	Any Bachelor's degree from a recognized university with at least 50% marks or 5.5 CGPA (on a 10-point scale) in the qualifying degree examination for General Category, 45% marks or 5.5 CGPA (on a 10 point scale) for OBC (Non-creamy layer) and Pass marks or 5.0 CGPA (on a 10-point scale) for SC/ST/PWD/EWS candidates.at Graduate level.
M.A.,	Development Studies	Any Bachelor's degree from a recognized university with at least 50% marks or 5.5 CGPA (on a 10-point scale) in the qualifying degree examination for General Category, 45% marks or 5.5 CGPA (on a 10 point scale) for OBC (Non-creamy layer) and Pass marks or 5.0 CGPA (on a 10-point scale) for SC/ST/PWD/EWS candidates at Graduate level.

Selection Procedure

Admission for all the above Master degree programmes shall be based on the qualifying marks in the under graduate programme (up to 5 semesters) and online interview.

Reservation

Reservation of seats as per the Government of India / UGC norms.

UGC Guidelines

RGNIYD follows the reservation policy as per UGC Guidelines / Instructions.

Duration of the Academic Programme

The duration of each post graduate programme will be four semesters. The curriculum has been designed in such a way that an aspiring candidate can take six months full-fledged projects at any national/international organisations or leading MNCs.

Number of Seats

The institute shall have the discretion to enhance or reduce the number of seats for all the courses

Medium of Instruction

General Instructions

- Detailed information about RGNIYD – Admission 2021 is available on **www.rgniyd.gov.in**
- Candidates are required to apply **online** through RGNIYD Website
- Candidates who are appearing in the final examination of the qualifying degree are also eligible to apply
- Candidates are advised to check the eligibility criteria for each branch of study before applying RGNIYD-Admission 2021

- Admission is based on the aggregate marks scored up to 5 semesters of UG programme with online interview

Important Dates

Opening of Online Application Form	**03.08.2021**
Closing of Online Application Form	**30.08.2021**
Date of Online Interview	**31.08.2021 & 01.09.2021 to 03.09.2021**
Declaration of Merit list	**04.09.2021**
Last date for Remitting fees	**10.09.2021**
First year classes will be started on	**16.09.2021**

RGNIYD Regional Centres

The RGNIYD has established its Regional Centres in Chandigarh and in North-eastern region, Arunachal Pradesh. The Regional Centres conducts Regional, National and International training and outreach programmes in the northern and north-eastern parts of the country. The Regional Centre, Chandigarh is on 5.41 acres of land adjacent to the Postgraduate Institute of Medical Education and Research (PGIMER).

The Regional Centre, Chandigarh has a reasonably sound infrastructure which includes three well-equipped training halls, a 37 roomed hostel, a small library (with over 6000 titles and eight journals), in a three storeyed building having 64 rooms used for the academic purposes, a badminton and volleyball courts, modern kitchen, and a spacious dining hall. Located in pleasant environs of one of the most picturesque cities in India, the campus sports a green look with mango orchards and well-maintained lawns. Apart from meticulously implementing its agenda, the Regional Centre also accords primacy to social justice, ecological concerns, and cleanliness.

The Regional Centre contains three wings. i) training, ii) administration/finance and iii) IT lab. The training wing prepares the annual training plan, designs the delivery methods, sets the agenda and organises programmes at various places in collaboration with the NSS, NYKS, universities, and NGOs. The IT lab offers courses in IT and soft skills to hundreds of students from low-income groups in collaboration with the Municipal Corporation of Chandigarh and Skill Development Corporation, Chandigarh. Training of youth in both citizenship issues and IT has added lustre to the RCs profile.

From the year 2021-22 onwards, two post graduate programmes *viz.,* M.A. Development Studies and M.A. Public Administration will be offered at the RGNIYD Regional Centre, Chandigarh. No hostel facility is available at Chandigarh.

The construction of building is underway for another **North-Eastern Regional Centre** at **Arunachal Pradesh**. In this centre also, organises programmes at various places in collaboration with the NSS, NYKS, universities, and NGOs

Institutes under MOU with RGNIYD

RGNIYD has entered into MOU with the following Institutions to offer training programmes and different areas mainly focusing on the youth and downtrodden covering the entire nation.

1. Whistling Woods International, Mumbai
2. Apparel Training and Designing Centre (ATDC)
3. National Institute of Technology – Jalandhar, Punjab
